

Witness testimony for unit QCF332v2: Preparing Surfaces for Painting/Decorating in the Workplace

Learner name:

(To be completed by a responsible person – please delete any statement that you do not agree with)

Within the last three years the above named, at various stages during construction work, demonstrated the following:	Initials
Preparing, priming and sealing exterior and/or interior surfaces for non-industrial situations to the given working instructions:	
– bare substrates and previously painted/decorated surfaces in sound condition	
– featuring surface defects	
– require existing covering/material to be removed.	
Safe use and storage of solvents, tools and abrading equipment when treating and removing existing surface coverings.	
Working to the required specification and within programme.	
Checking the information they have been given and identifying the type, size, position and quantity of materials required.	
Organising their own work, requesting the materials and equipment required and awareness of the associated health hazards.	
Reporting any defects or inaccuracies in information to their supervisor and agreeing and implementing corrective action.	
Protecting the surrounding areas, other work, materials and equipment in accordance with safe working practices and organisational procedures.	
Appropriate PPE for the task worn at all times, in compliance with the company's health and safety policy and safety signs.	
Use health and safety control equipment and access equipment safely.	
Aware of and can identify actual and potential hazards in the workplace and report these to their supervisor to agree and implement corrective action.	
Safely use and store tools, materials and ancillary equipment.	
Dispose of waste in accordance with current legislation.	

This witness testimony is true and correct to the best of my knowledge.
